His Excellency, The Executive Governor
Niger State Government
Government House, Minna
Niger State, Nigeria

OFFER OF COMPLIMENTARY BETA ACCESS TO THE ECONOMICBRIDGE SATELLITE INTELLIGENCE PLATFORM FOR NIGER STATE

Your Excellency,

On behalf of **Bizra Farms Integrated Nigeria Limited**, I write to offer the Niger State Government complimentary beta access to **EconomicBridge**, a satellite and artificial intelligence platform that gives Niger State's administration a live, local government level picture of what is happening on the ground across its territory.

EconomicBridge is live on secure cloud infrastructure and draws on real data from the European Copernicus (Sentinel-1 and Sentinel-2) satellites, NASA, the World Bank and UNICEF. We are pleased to offer this access to Niger State free of charge for an initial pilot period, covering all 25 Local Government Areas, so that Your Excellency's administration can evaluate its value firsthand. Beyond the pilot, we anticipate transitioning to a modest subscription arrangement by mutual agreement.

What the platform offers Niger State:

- **Agriculture:** AI diagnosis of crop disease from a single leaf photo, satellite monitoring of crop health, and 24 to 72 hour early warning of farmland conflict and encroachment.
- **Disaster preparedness:** flood and drought detection from satellite radar that sees through cloud cover, for early warning.
- **Poverty and population mapping:** settlement level population and poverty intensity from night light satellite data, so the State can direct budget and intervention where the need is greatest.
- **Education:** school access and connectivity mapping to target educational investment.
- **Economy:** income and cost of living tracking across the State.
- **Aid coordination:** a shared view of which agencies operate where, to reduce duplication and close gaps in coverage.

Niger State's data would be visible only to your nominated team, fully isolated and secure, and aligned with the Nigeria Data Protection Act. The platform also delivers automated monthly reports, and can reach communities directly through multilingual SMS alerts in partnership with relevant agencies, including citizens without smartphones.

We would be honoured to give Your Excellency or your nominated team a live demonstration at your convenience. Kindly nominate one or two officers as points of contact, and we will activate the State's account and provide guided onboarding immediately.

Please accept, Your Excellency, the assurances of our highest regard.

Yours faithfully,

A handwritten signature in blue ink, appearing to read 'Abdullahi Zuru Ibrahim', with a stylized flourish at the end.

Abdullahi Zuru Ibrahim
